RE: novel coronavirus (nCoV)

Claire Manufacturing offers several hospital grade disinfectant products that effectively kill many types of bacteria and viruses, below is the current status of items in regards to the novel coronavirus (nCoV).

CLAIRE BROAD SPECTRUM GERMICIDAL & DISINFECTANT WIPE CL989 EPA Reg. No. 6836-340-706 has demonstrated effectiveness against viruses similar to 2019 Novel Coronavirus (2019 nCoV) on hard non-porous surfaces. Therefore, CLAIRE BROAD SPECTRUM GERMICIDAL & DISINFECTANT WIPE CL989 can be used against 2019 Novel Coronavirus (2019 –nCoV) when used in accordance with the directions for use against Norovirus on hard, non-porous surfaces. Refer to the CDC website <https://www.cdc.gov/coronavirus/2019-ncov/index.html> for additional information.

CLAIRE DISINFECTANT Q CL1001, CL1002, CL1003 do NOT have a specific kill claim on the novel coronavirus (nCoV). We are in the process of submitting paperwork to the EPA so that the emerging pathogen claim can be added to our EPA approved label.

CLAIRE GERMICIDAL CLEANERS CL866, CL873, CL876 do NOT have a specific kill claim on the novel coronavirus (nCoV). We are in the process of submitting paperwork to the EPA so that the emerging pathogen claim can be added to our EPA approved label.

If you have any questions please reach out your Regional Sales Manager.
